

## 41<sup>st</sup> Annual LMS Seminar

Jiminy Peak Mountain Resort

Hancock, MA

April 17-19, 2017

### LMS General Information

Breakfast will again be served on Wednesday and Thursday morning in JJ's Lodge. A change for this year is the General Session on Tuesday morning discussing the employee accidents and the OSHA impact during the past year. As an industry, this session is being presented at all the conferences and seminars this spring. The Jiminy Round Table will still be a General Session on Wednesday at 8:30a.m. in JJ's immediately following breakfast. The agenda and the class descriptions are posted at <http://www.ma-lms.org/area-registration-and-schedule/>. Look for additional updates for Tuesday afternoon activities and dinner at Christiansen's Tavern.

#### Lodging:

Lodging for the seminar is at the Jiminy Peak Resort Condominiums. (413) 738-5500

- Country Inn Suite (King & Foldout Couch) \$115.00/night single double plus tax.
- Two and Three Bedroom Condos available at a higher rate.

One nights deposit required to guarantee room by credit card, cash, or check.

Cancellation is required 21 days prior to arrival for any refund.

#### Registration Fees:

No Ski Area Participation Fee

Massachusetts Personnel \$175.00

Out of State Personnel \$205.00

Inspectors \$150.00

Vendors (Non Speakers) \$205.00

Please make copies of the registration form as necessary.

#### Class Scheduling Form

A Class Scheduling Form for documentation of training attended at LMS is available on the registration page and will also be available at the registration desk. Supervisors are encouraged to use the Class Scheduling Form to assign classes that match the attendee's training needs and area's training program requirements.

Presenters will handout stickers at the end of each class. Attach the sticker to the scheduling form as proof of training and attendance. These stickers have the date time, and class title to reference to the Class Descriptions. The completed Class Scheduling Form with descriptions should become part of the areas and your training record.

#### Doppelmayr Special Monday Class

##### Ropeway Control Systems

Doppelmayr USA is pleased to present an overview to Ropeway Control Systems. The seminar will start with a discussion about ropeway fundamentals and core concepts of a safety control system. We will build on those core concepts as we focus on the Doppelmayr approach to controls. This is targeted to any ropeway owner, operator, or technician who wishes to know more about Doppelmayr control systems.

Please see the Doppelmayr special class Information and Registration form

Any questions should be directed to Sid Roslund at (720) 963-4214 or [info@ma-lms.org](mailto:info@ma-lms.org)

[www.ma-lms.org](http://www.ma-lms.org) will be updated continually between now and the conference.

Keep checking for new and updated items.
