

Leitner-Poma Control Systems and Schematics

**Monday – April 15, 2019
8:30 am – 4:30 pm
Jiminy Peak – Room TBD**

Recognizing electrical schematic symbols, following circuits using cross references, Relay, Switch, Push Button logic, and understanding processes for different control circuits.

Identifying the severity of a fault situation, where to start, staying on the path, and what to do when you find the problem.

Purpose of Fault Annunciator/Indicator; understanding Fault Code/Text; matching Fault Code/Text with electrical schematics, and troubleshooting based on Fault Code/Text. Lunch will be provided.

Class size: Minimum 10 required – Maximum 25 on a first come basis.

If the minimum of 10 is not reached by March 18, 2019, the class will be canceled.
